With the approval of the latest revision of ISO/DIS 10957 – International Standard Music Number last summer with 100% support of voting P-members, the standard is set for publication. Within the standard the International ISMN Agency is referenced as continuing its role as Registration Authority (RA) for the standard, which it has done since ISO 10957 was first published in 1993. As noted in the New Project proposal (SC 9 N 408), the Working Draft (SC 9 N 409), the normative Annex B of Committee Draft (SC 9 N 445), the International ISMN Agency is organized to supervise, coordinate and administer the ISMN system.

On behalf of SC 9, I respectfully request that the ISO Technical Management Board approve the assignment of the ISMN-RA to the International ISMN Agency and that a contract to manage this relationship be negotiated by the ISO Central Secretariat.

 SC 9 Secretary
