www.ISWC.org

04/03/08: 16 million unique ISWCs.

04/03/09: 18 million unique ISWCs.

New code allocation methodology:

1. All new codes must be validated by a central registry
2. IF Duplicate THEN "Preferred ISWC"
3. Feedback loop of all new ISWCs into each Registration Agency database.

Objective:

Make available the **ISWC** code to all Musical Works Licensees as a **certified identification key**.

CISAC is engaged with key online services to ingest ISWC related metadata.

ISRC: (ISO 3901)

Replaced by a key/value generic structure. (i.e. accepting multiple proprietary identifiers)

ISTC: (ISO 21047)

Exploring ISWC ↔ ISTC for lyrics.

ISNI: (ISO 27729)

Considering ISNI as a new metadata element.

Thank you !
