

Institutional Identifier – Soon To Be a Reality - I²

 Helen Henderson, Ringgold
 Tina Feick, HARRASSOWITZ
NISO/BISG Meeting
Anaheim, California
June 27, 2008

Helen's Dream

- Standard identifier for each institution
- Same identifier to be used across publishers and agents
- Define hierarchies and combinations (consortia)

6/24/2008

2

Institutional Identifiers - the story to date

- Information
- Library registries
- Location definitions
- Financial/business
- Ringgold Identifier
- Journal Supply Chain Pilot

6/24/2008

3

NISO Working Group on Institutional Identifiers - I²

- Stakeholders
- Scenarios
- Workplan
- Timescale

- Co-chairs: Grace Agnew and Tina Feick

4

Stakeholders

- Libraries
- Agents
- Publishers
- Aggregators
- Hosting services
- Fulfillment services
- Academics
- Institutional repositories
- Students
- Authors
- Editors
- Reviewers
- Manuscript systems
- Funding bodies
- Academic administrators
- Rights agencies
- Consortia
- eLearning vendors/services
- Doctors
- State-wide/national agencies

6/24/2008

5

Scenarios - Topics

- Electronic resources supply chain
- E-learning/courseware
- Research evaluation/funding
- Author registries
- Institutional repositories
- Licensing/Micro-licensing
- Usage metrics
- Collaboration
- Authentication

6/24/2008

6

Scenarios - communities

- Higher education
- Research evaluation
- Public library
- Medical
- ???

6/24/2008

7

Scenario A Electronic Resources Supply Chain

Stakeholders

- Libraries
- Agents
- Publishers
- Aggregators
- Distributors
- Hosting Services
- Fulfilment services

Issues

- Granularity of metadata
- Population of systems
- Systems capability

6/24/2008

8

Work Plan

- Scenario Development
- Review current identifier standards and usage
- Determine metadata fields
- Working draft
- Trial use plan
- Test against scenarios
- Review by committees and advisory groups
- Identify maintenance organizations
- Determine tools for adoption
- Release for ballot

6/24/2008

9

Timeline

- Final appointment of Work Group (July 2008)
- Development of sample scenario (July 08)
- Data gathering (Jun-Dec 08)
- Test & finalize direction of identifier (Jan-Feb 09)
- Working draft (Mar-Oct 09)
- Submit for Public Review (Aug 09)
- Draft standard for trial Oct 09-Mar 10)
- Start trial use (Nov 09)
- Ballot released (Mar-May 10)

6/24/2008
